

Product Selector Guide

| Model | Inputs | Outputs | Power Disconnect Relay | Power Sources | Certs |
|--|-------------------------------|---------|---|---------------|-------|
| PM8, PM8R Power Module | 1 AC or DC | 8C | - | 1 | - |
| DAC8, DAC8R Direct Access Controller | 8 Dry Contact | 8SS | 1-pole Relay with Aux Relay and Terminals | 1 or 2 | - |
| MAC4, MAC4R Multi Access Controller | 4 Dry Contact or Sink Powered | 4FS, RI | 1-pole Relay with Aux Relay and Terminals | 1 or 2 | - |
| MAC8, MAC8R Multi Access Controller | 8 Dry Contact or Sink Powered | 8FS, RI | 1-pole Relay with Aux Relay and Terminals | 1 or 2 | - |

Output Codes; **F** = Fail Safe (Fails on Fire Alarm)
P = Fail Secure (Stays Powered on Fire Alarm)
RI = Relay Isolated Outputs

C = Continuously Powered
SS = Semi-Selectable per Output thru Input wiring , F or P
FS = Fully Selectable per Output F, P, Dry Contacts or Fused-Output-Only

Notes;

- All R models use 2.5A Output PTCs, non-R models use 2.0A 3AG Fuses.
- All models with relays use depluggable, replaceable relays. Relays are included and can be ordered separately.
- All models are supplied with nylon mounting standoffs for sturdy installation.
